

DID YOU KNOW PLANS FOR NEW METHANE GAS PROJECTS COULD IMPACT YOU?

Davidson County is at a pivotal moment, facing the rapid expansion of methane gas infrastructure that could reshape the region and lock us into decades of burning fossil fuels.

Duke Energy is considering Davidson and/or Davie County for a massive gas fired power plant.

The location they're considering is in the heart of rural agricultural land along the Yadkin River.

WHAT'S AT RISK:

**CLEAN
AIR**

PUBLIC HEALTH

**CLEAN
WATER**

**RESIDENTIAL
SAFETY**

**HIGHER ELECTRIC
BILLS**
